

Risk Assessment

Duration 1 Day

Target Market

Consultants/Auditors/Technical, Quality staff and BRCGS Professionals

Course Description

This course is to provide delegates with a thorough understanding of risk assessment and enable them to use different risk assessment models. This is particularly useful when implementing product safety management systems onsite, and when implementing the requirements of the BRCGS Standards

Learning Outcomes

At the end of the course, delegates will be able to:

- understand risk assessment terminology;
- choose and use different risk assessment models for processes onsite; and
- understand what BRC Global Standards expects from a thorough risk assessment.

Assessment: Course assignment, pass mark 75%
