

Validation and Verification

Duration 1 Day

Target Audience

Consultants/Auditors/Quality and safety management staff at manufacturing, storage and distribution and retail sites and BRCGS Professionals

Course Description

This course will provide delegates with a thorough understanding of validation and verification, so they know the level of detail required for each process and are able to use validation and verification in practice. This is especially helpful when implementing some of the requirements in the BRCGS Standards.

Learning Outcomes

At the end of the course, delegates will be able to:

- Define and understand the terms validation and verification
- Understand the level of detail required for each process
- Use validation and verification in practice
- Appreciate how validation and verification relate to conformance to the Standard

Assessment: Course assignment, pass mark 75%.

Certification/Accreditation - BRC
